

## PRESS RELEASE

### CITY OF THE COLONY, TEXAS

#### Main Street (FM 423) Repairs

August 17, 2010

Main Street, FM 423, is a highway that is owned, operated and maintained by Texas Department of Transportation (TxDOT). With the poor condition of pavement on this roadway and the fact that the widening will not begin until late next year, The Colony has been working with TxDOT for funding to repair the roadway.

TxDOT informed the city that the repairs began last night and will continue through August 27<sup>th</sup>. The work will be performed at night from 9 PM to 6 AM with single lane closures. The repairs will be limited to resurfacing areas with failures. Please provide any questions or concerns to TxDOT at 940-387-1414 or the city at 972-624-3129.
