## **Spring Clean-Up set for April 12**

THE COLONY, Texas — The City of The Colony and Republic Waste Services will be hosting the 2014 City-Wide Spring Clean-Up from 8 a.m. to noon Saturday, April 12, in the parking lot of Hawaiian Falls waterpark.

Residents of The Colony may bring trash and refuse, such as large tree limbs, furniture, appliances, lumber, remodeling debris, fencing materials and scrap metal. The above list is not all inclusive.

In addition to trash and refuse, the following items also will be collected: small truck, car or SUV tires; batteries of all types; and electronics including computer CPUs, monitors, printers, related computer parts and supplies, DVD players, CD players, TVs and copiers. The city is limiting the number of tires a resident can bring to eight total, with no large truck or tractor tires accepted. The city also is limiting the number of TVs and monitors to four.

Other services available at the Clean-Up include removal of Freon from any appliance that contains Freon and shredding for residents that have confidential documents that need to be destroyed.

Entry to the Spring Clean-Up will be off of Memorial Drive using the east entrance to Hawaiian Falls. There will be no entry to the event off of Paige Road. Residents are encouraged to follow the signs and direction of city staff to expedite unloading. No one will be allowed into the line after noon. Because of safety concerns, persons under the age of 18 will not be allowed in the unloading area.

The Colony will not accept liquids or chemicals of any kind. This includes paints and household hazardous waste. Residents can bring these items to our Household Hazardous Waste Disposal Center at 5576 North Colony Blvd. by Fire Station No. 2 during regular collection days.

Enclosed box vans, trailers over 20 feet and/or contractors will not be allowed into the Spring Clean-Up. The event is for The Colony residents only. All residents will be required to show proof of residency by presenting their utility bill and/or photo I.D.

For more information about the city's environmental services, call 972-624-3131.
