Ridgepointe Drive to close for roadwork

THE COLONY, Texas — Texas Department of Transportation officials have advised the city that there will be a full closure of Ridgepointe Drive at the intersection of FM 423 for two weeks in February, starting Feb. 9 and continuing through Feb. 23.

This closure is necessary for excavation, installation of a box culvert, and restoration of the roadway. During this period, The Colony Police Department will be monitoring the neighborhood's roadways. Also, emergency vehicles will still have access to the subdivision via Friendship Lane. As always, motorists are advised to prepare for delays and seek alternate routes where possible.

This closure is part of the Main Street Widening Project. During construction, the Engineering Department will post updates and information regarding the progress of this project at <http://www.thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place.

In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at bshallenburger@thecolonytx.gov or call 972-624-3108.
