Certificate of Occupancy Application

1. Check the box next to one of the reasons you are making application:
 - **New Business** if you are starting a new business or your business has changed location.
 - **New Business Owner** if the business name has not changed, but there is a new owner.
 - **Business Name Change** if the business name has changed.
 - **To Be Done at Building Final** for new construction only.
2. Business name must be the name of the business as it will be advertising and operating under (Joe's Parts, John's Coffee etc.).
3. Business owner is the individual or company operating the business (Joe's Parts, LLC; Okay Coffee, DBA John's Coffee; etc.).
4. Property owner information as recorded in Denton Central Appraisal District.
5. Type of Business (Restaurant, Bakery, Business Office, Retail Store, etc.).
6. Occupancy Classification is as shown in Chapter 3 of the currently adopted edition of the International Building Code.
7. Construction Type is as defined by Chapter 6 of the currently adopted edition of the International Building Code.
8. Remainder of the information as shown on the application.
9. Check yes or no if your business involves the storage, sale, or use of any hazardous or flammable products.

If the tenant space does not have active fuel gas utilities energized then a separate plumbing permit is required. The utility meters must be energized before an inspection is performed. Electric service releases may be requested through Building Inspections once the signature has been printed out and is on site.

Restaurants and assemblies must submit a copy of the floor plan / seating layout for occupancy calculation. These occupancy types must also obtain an Occupant Load sign from the Fire Marshal and have it posted conspicuously within 5' of the main doors. Structures with an all glass storefront may post it on the first solid wall within proximity of the main door.

Restaurants without any remodel work or changes to cooking equipment cannot move in any consumables without the express authorization of the Health Department. Restaurants that are adding or changing cooking equipment must submit plans and equipment details with application

Fees: Certificate of Occupancy application fee of \$75.00 is due at submission.

After the application has been reviewed and is approved, the applicant will be notified by email. The applicant is responsible for printing out the emailed forms or picking up the permit and signature card at the Building Inspections Department. The signature card is required to be onsite for all inspections. Your signature card will indicate which departments need to be contacted for inspections. Inspection request phone numbers are listed next to each department. **You are responsible for contacting and requesting all necessary inspections.** Building Inspections will be the last department you contact to schedule an inspection, this is done only after all other signatures have been acquired.

After Building Inspections completes its inspection and signs their approval, the Building Inspector will return to the office with the completed signature card, at which time, the final Certificate of Occupancy will be issued.

STORM WATER POLLUTION CONTROL PERMIT FOR NEW COMMERCIAL AND RESIDENTIAL BUILDINGS AND ADDITIONS TO EXISTING BUILDINGS

Engineering Department
6800 Main Street
The Colony, Texas 75056

THIS FORM IS ONLY REQUIRED FOR PERMIT APPLICATIONS FOR NEW COMMERCIAL AND RESIDENTIAL BUILDINGS AND ADDITIONS TO EXISTING BUILDINGS.

Check the information included with this application:

- Copies of city approved Grading and /or Erosion Control Plans. An Erosion Control Plan is required for commercial, industrial, multifamily and /or residential subdivision construction.
Grading and/or Erosion Control Plans shall be prepared by an engineer licensed to practice in Texas and shall meet the requirements specified in the Engineering Design Manual.
(a) Property boundaries with address and lot and block with subdivision name or tract with legal description;
(b) Easements and rights-of-way on and adjacent to the property with address and lot and block with subdivision name or tract with legal description;
(c) Adjacent street names;
(d) Existing and proposed contours at one-foot intervals;
(e) Existing structures and utilities located above and below the ground surface that are on and adjacent to the property;
(f) North arrow, scale, date, and date of topographic survey;
(g) Drainage flow arrows with existing and proposed drainage structures with complete details and specifications;
(h) Limits of FEMA and ultimate floodplains with elevations;
(i) Limits of soil disturbance;
(j) Erosion control measures to be used during construction and permanent measures for post construction; and
(k) Location map.
TCEQ Construction Site Notice, SWPPP, Notice of Intent (NOI).
Three copies of this permit and city approved construction plans (which shall be kept on the job site by the Contractor at all times with the issued permit).

This permit does not in any way authorize the construction of any paving, structures, storm drain system, utilities or fill to be placed in the floodplain. The exception is the construction of necessary temporary haul roads, construction entrances, and ditches for drainage on the site, rock berms, or other erosion control measures as specifically shown on the plans released for construction.

Any area in which there may be public right-of-way, fire lane or floodplain must be compacted, tested and inspected per city requirements or the fill must be removed and properly compacted, tested and inspected at no cost to the City. This permit does not relieve the permittee from obeying all local, state and federal laws.

PERIOD OF PERMIT: Grading plan approval shall be effective for 180 days. If after 180 days, construction has not commenced, the plans must be resubmitted for approval. Construction and grading must be completed within 12 months of commencing construction or an extension must be approved by the City to continue work
