

Vacation House Watch

The Colony Police Department

Vacation House Watch Service is available to residents of The Colony who will be away from their homes on vacation. Apartments are not eligible for this service and homes must be currently occupied. If anyone will be staying overnight for any period of this time, that house is not eligible. The house will be checked daily. Upon returning home, please call 972-625-1887 to let the Police Department know you have returned. A log of the checks of your home will be e-mailed to you after you return. If e-mail is not an option, please check the box and the information will be mailed to you.

Please send my information by mail.
